## INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and Members
of the Borough Council
Borough of Ho-Ho-Kus, New Jersey

## Report on the Financial Statements

We have audited the accompanying comparative balance sheets - regulatory basis of various funds of the Borough of Ho-HoKus, in the County of Bergen, State of New Jersey (the "Borough"), as of December 31, 2021 and 2020, and the related comparative statements of operations and changes in fund balance - regulatory basis for the years then ended, and the related statements of revenues and expenditures - regulatory basis and comparative statement of general fixed assets group of account - regulatory basis for the years ended December 31, 2021 and 2020, and the related notes to the financial statements, which collectively comprise the Borough's basic financial statements as listed in the table of contents.

## Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse and Unmodified Opinions" section of our audit report, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of each fund of the Borough as of December 31, 2021 and 2020, or the changes in financial position for the years then ended.

## Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the comparative financial position - regulatory basis, of each funds and account group of the Borough as of December 31, 2021 and 2020, and each fund's respective operations and changes in financial position and fund balance - regulatory basis for the years then ended, on the basis of the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") as described in Note 1.

## Basis for Adverse and Unmodified Opinions

We conducted our audits in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by Comptroller General of the United States; and in compliance with audit requirements as prescribed by the Division. We are required to be independent of the Borough of Ho-Ho-Kus, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide our adverse and unmodified audit opinions.

## Matter Giving Rise to the Adverse Opinion

As described in Note 1, the financial statements are prepared and presented by the Borough on the basis of the financial accounting and reporting principles and practices that demonstrate compliance with the regulatory basis of accounting and budget laws prescribed by the Division, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirement of the State of New Jersey for municipal government entities. The effect on financial statements of the variances between the regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

## Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements - regulatory basis (the "financial statements") in accordance with the financial reporting provisions of the Division. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Borough's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance, but not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and in compliance with audit requirements as prescribed by the Division, will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Borough's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## Required Supplementary Information

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. A management discussion and analysis is not required by the financial accounting and reporting principles and practices prescribed by the Division, to supplement the financial statements and therefore it has not been presented by management. Our opinion on the basic financial statements is not affected by this missing information.

## Supplementary Information

Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the Borough's basic financial statements. The supplementary schedules and the schedules of federal and state financial assistance are presented for purpose of additional analysis as required by the Division, and are not a required part of the basic financial statements.

The supplementary schedules and schedules of federal and state financial assistance are the responsibility of management and were derived from and relate to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subject to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the Unites States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole on the basis of accounting described in Note 1.

## Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated September 14, 2022 on our consideration of the Borough's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Borough's internal control over financial reporting and compliance.

# BOROUGH OF HO-HO-KUS <br> NOTES TO FINANCIAL STATEMENTS <br> DECEMBER 31, 2021 AND 2020 

## 1. Summary of Significant Accounting Policies

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The GASB Codification establishes seven fund types and two account groups to be used by governmental units when reporting financial position and results of operations in accordance with generally accepted accounting principles in the United States of America (GAAP).

The financial statements of the Borough of Ho-Ho-Kus (the "Borough") have been prepared in conformity with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"), which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Borough accounts for its financial transactions through the following separate funds, which differ from the fund structure required by GAAP.

## A. Reporting Entity

The Borough operates under an elected Mayor/Council form of government. The Borough's major operations include public safety, road repair and maintenance, sanitation, fire protection, recreation and parks, health services, and general administrative services.

GASB has issued Statement No. 14, which requires the financial reporting entity to include both the primary government and those component units for which the primary government is financially accountable. Financial accountability is defined as appointment of a voting majority of the component unit's board and either a) the ability to impose will by the primary government or b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government.

However, the municipalities in the State of New Jersey do not issue financial statements in accordance with GAAP, and thus, do not comply with all of the GASB pronouncements. The financial statements contained herein include only those boards, bodies, officers, or commissions as required by NJS 40A:5-5. Accordingly, the financial statements of the Borough do not include the Volunteer Fire Department, Volunteer Ambulance Squad or Public Library which are considered component units under GAAP. Complete financial statements of the above components can be obtained by contacting the Treasurer of the respective entity.

## B. Fund Accounting

The accounting policies of the Borough conform to the accounting principles applicable to municipalities, which have been prescribed by the Division. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. The accounts of the Borough are organized on the basis of funds or account groups, each of which is considered to be a separate accounting entity. The operations of each fund or account group are summarized by providing a separate set of self-balancing accounts, which include its assets, liabilities, fund equity, revenues, and expenses or expenditures.

## 1. Summary of Significant Accounting Policies (Continued)

## B. Fund Accounting (Continued)

The following funds and groups of accounts are used by the Borough:
Current Fund - Resources and expenditures for governmental operations of a general nature.
Trust Fund - Receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created. The Division regulates the accounting for these funds.

General Capital Fund - Receipt and disbursement of funds for the acquisition of general capital facilities other than those acquired in the Current Fund.

Water Utility Fund - Revenues and expenditures for the operation of the Borough's water utility and the assets and liabilities relative to such activities. Acquisition or improvement of capital facilities for the water utility are accounted for in the capital section of the fund.

General Fixed Assets - The General Fixed Assets Account Group is used to account for fixed assets used in governmental fund type operations for control purposes. All fixed assets are valued at historical cost or insurable cost if the actual historical cost is not available. Donated fixed assets are valued at their estimated fair value on the date of donation. No depreciation is recorded on general fixed assets.

Grant Fund - Receipt and disbursement of funds from Federal, State, and County Grants.
Solid Waste Utility Fund - Receipt and disbursement of funds for solid waste operations.

## C. Measurement Focus and Basis of Accounting

The financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available financial resources at the end of the period.

Under this modified accrual basis of accounting, revenues, except for State/Federal Aid, are recognized when received and expenditures are recorded when incurred. The accounting principles and practices prescribed for municipalities by the Division differ in certain respects from GAAP applicable to local government units. The more significant differences are as follows:

Property Tax Revenues - Real property taxes are assessed locally, based upon the assessed value of the property. The tax bill includes a levy for Municipal, County and School purposes. The bills are mailed annually in June for that calendar year's levy. Taxes are payable in four quarterly installments on February 1, May 1, August 1, and November 1. The amounts of the first and second installments are determined as one quarter of the total tax levied against the property for the preceding year. The installment due the third and fourth quarters is determined by taking the current year levy less the amount previously charged for the first and second installments, with the remainder being divided equally. If unpaid on these dates, the amount due becomes delinquent and subject to interest at $8 \%$ per annum, or $18 \%$ on any delinquency amount in excess of $\$ 1,500$. The school levy is turned over to the Board of Education as expenditures are incurred, and the balance, if any, must be transferred as of June 30, of each fiscal year.

## 1. Summary of Significant Accounting Policies (Continued)

## C. Measurement Focus and Basis of Accounting (Continued)

## Property Tax Revenues (Continued)

County taxes are paid quarterly on February 15, May 15, August 15 and November 15, to the County by the Borough. When unpaid taxes or any municipal lien, or part thereof, on real property, remains in arrears on April first in the year following the calendar year levy when the same became in arrears, the collector in the municipality shall, subject to the provisions of the New Jersey Statutes, enforce the lien by placing the property on a tax sale. Annual "in rem" tax foreclosure proceedings are instituted to enforce the tax collection or acquisition of title to the property by the Borough. In accordance with the accounting principles prescribed by the State of New Jersey, current and delinquent taxes are realized as revenue when collécted. Since delinquent taxes and liens are fully reserved, no provision has been made to estimate that portion of the taxes receivable and tax title liens that are uncollectible. GAAP requires property tax revenues to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

Miscellaneous Revenues - Miscellaneous revenues are recognized on a cash basis. Receivables for the miscellaneous items that are susceptible to accrual are recorded with offsetting reserves on the statement of financial position of the Borough's Current Fund. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual.

Grant Revenues - Federal and State grants, entitlements or shared revenues received for purposes normally financed through the Current Fund, are recognized when anticipated in the Borough's budget. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual.

Budgets and Budgetary Accounting - An annual budget is required to be adopted and integrated into the accounting system to provide budgetary control over revenues and expenditures for the Current Fund, the Water Utility Fund and the Solid Waste Utility Fund.

The Borough is not required to adopt budgets for the following funds:

> Trust Funds

Capital Funds
The Governing Body shall introduce and approve the annual budget not later than February 10 , of the fiscal year. The budget shall be adopted not later than March 20, and prior to adoption must be certified by the Division. The director of the Division, with the approval of the Local Finance Board may extend the introduction and approval and adoption dates of the municipal budget. The budget is prepared by fund, function, activity and line item (salary or other expense) and includes information on the previous year. The legal level of control for appropriations is exercised at the individual line-item level for all operating budgets adopted. Emergency appropriations, those made after the adoption of the budget and determination of the tax rate, may be authorized by the Governing Body of the municipality. During the last two months of the fiscal year, the Governing Body may, by a $2 / 3$ vote, amend the budget through line-item transfers. Management has no authority to amend the budget without the approval of the Governing Body. Expenditures may not legally exceed budgeted appropriations at the line-item level. During 2021 and 2020, the Governing Body approved several budget transfers.

# BOROUGH OF HO-HO-KUS NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020 

## 1. Summary of Significant Accounting Policies (Continued)

## C. Measurement Focus and Basis of Accounting (Continued)

Expenditures - Expenditures are recorded in the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with an encumbrance accounting system. Outstanding encumbrances at December 31 are reported as a cash liability in the financial statements. Unexpended or uncommitted appropriations at December 31 are reported as expenditures through the establishment of appropriation reserves, unless canceled by the Governing Body. Except for unmatured interest on general long-term debt which should be recognized when due, GAAP requires expenditures, if measurable, to be recognized in the accounting period in which the fund liability is incurred.

Encumbrances - Contractual orders outstanding at December 31 are reported as expenditures through the establishment of an encumbrance payable. Encumbrances do not constitute expenditures under GAAP.

Appropriation Reserves - Appropriation Reserves are available, until lapsed, at the close of the succeeding year to meet specific claims, commitments or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as additions to income. Appropriation reserves do not exist under GAAP.

Compensated Absences - Expenditures relating to obligations for unused vested accumulated vacation and sick pay are not recorded until paid. GAAP requires that the amount that would normally be liquidated with expendable available financial resources be recorded as an expenditure in the operating funds and the remaining obligations be recorded as a long-term obligation.

Property Acquired for Taxes - Property acquired for taxes is recorded in the Current Fund at the assessed valuation when such property was acquired and fully reserved. GAAP requires such property to be recorded in the General Fixed Assets Account Group at market value on the date of acquisition.

Interfunds - Interfund receivables in the Current Fund are recorded with offsetting reserves, which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves. GAAP does not require the establishment of an offsetting reserve.

Inventories - The cost of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various statements of financial position.

Cash and Investments - Cash includes amounts in demand deposits, as well as short-term investments, with a maturity date within one year of the date acquired by the government. Investments are stated at cost and are limited by N.J.S.A. 40A:515.1(a) to bonds or obligations of the Federal Government and bonds or other obligations of Federal or local units having a maturity date not more than twelve months from the date of purchase.

Incurred But Not Reported (IBNR) Reserves - The Borough has not created a reserve for any potential unreported losses which have taken place but for which the Borough has not received notice or report of losses. Additionally, the Borough has not recorded a liability for those claims, which have been filed but have not yet been paid. GAAP requires the establishment of reserves for such potential claims if material.

## NOTES TO FINANCIAL STATEMENTS <br> DECEMBER 31, 2021 AND 2020

## 1. Summary of Significant Accounting Policies (Continued)

## C. Measurement Focus and Basis of Accounting (Continued)

Deferred Charges to Future Taxation Funded and Unfunded - Upon the authorization of capital projects, the Borough establishes deferred charges for the costs of the capital projects to be raised by future taxation. Funded deferred charges relate to permanent debt issued, whereas unfunded deferred charges relate to temporary or nonfunding of the authorized cost of capital projects. According to N.J.S.A. 40A:2-4, the Borough may levy taxes on all taxable property within the local unit to repay the debt. Annually, the Borough raises the debt requirements for that particular year in the current budget. As the funds are raised by taxation, the deferred charges are reduced.

General Fixed Assets - N.J.A.C. 5:30-5.6 accounting for governmental fixed assets continues the requirement that all local units shall have and maintain a fixed assets accounting and reporting system that differs in certain respects from GAAP. The fixed assets accounting and reporting system shall establish and maintain a physical inventory of fixed assets of nonexpendable, tangible property as defined and limited by the U.S. Office of Management and Budget Circular 87, Cost Principals for State, Local and Indian Governments and shall place a value on all fixed assets whether constructed or acquired through purchase, grant, or gift. Fixed assets acquired after December 31, 1985 shall be valued on the basis of actual cost; prior to that time, they may be valued at cost or estimated historical cost. The fixed assets accounting and reporting system shall also have a subsidiary ledger, consisting of detailed property records for controlling additions, retirements and transfers of fixed assets and such ledger shall be maintained and reconciled periodically and at the end of every fiscal year with the general ledger control accounts for fixed assets. The system shall also provide property management standards for fixed assets that ensure that property records are maintained accurately, to reflect a description and source of the property, its ownership, the acquisition cost and date, the percentage of Federal participation in the acquisition, and the location, use and condition of the property. Property management standards for fixed assets shall also ensure that periodic physical inventories are taken and reconciled with property records, that a control system is provided with adequate safeguards against loss, damage, or theft of property and that property is adequately maintained to keep the property in good condition. A Statement of General Fixed Assets shall be in every annual audit report.

Use of Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from these estimates.

Comparative Data - Comparative data for the prior year has been presented in the accompanying statements of financial position and statements of operations in order to provide an understanding of changes in the Borough's financial position and operations. However, comparative data have not been presented in all statements because their inclusion would make certain statements unduly complex and difficult to understand.

## D. Basic Financial Statements

The GASB Codification also defines the financial statements of a governmental unit to be presented in accordance with GAAP. The Borough presents the financial statements listed in the table of contents, which are required by the Division, and which differ from the financial statements required by GAAP. In addition, the Division requires the financial statements listed in the table of contents to be referenced to the supplementary schedules. This practice differs from GAAP.

# BOROUGH OF HO-HO-KUS <br> <br> NOTES TO FINANCIAL STATEMENTS <br> <br> NOTES TO FINANCIAL STATEMENTS <br> DECEMBER 31, 2021 AND 2020 

## 2. Cash and Cash Equivalents

Custodial Credit Risk - Deposits. Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The Borough's policy is based on New Jersey Statutes requiring cash be deposited only in New Jersey based banking institutions that participate in New Jersey Governmental Depository Protection Act (GUDPA) or in qualified investments established in New Jersey Statutes 40A: 5-15.1(a) that are treated as cash equivalents. As of December $31,2021, \$ 0$ of the Borough's bank balance of $\$ 12,244,322.58$ was exposed to custodial credit risk.

## 3. Investments

Interest Rate Risk. The Borough does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, New Jersey Statutes 40A: 5-15.1(a) limits the length of time for most investments to 397 days.

Credit Risk. The purchase of investments by the Borough is limited by the express authority of the New Jersey Local Fiscal Affairs Law, N.J.S.A. 40A:5-15.1. Permitted investments include any of the following type of securities:

1. Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;
2. Government money market mutual funds;
3. Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor;
4. Bonds or other obligations of the local unit or bonds or other obligations of school districts of which the local unit is a part or within which the school district is located;
5. Bonds or other obligations, having a maturity date not more than 397 days from the date of purchase, approved by the Division of Investment of the Department of the Treasury for investment by local units.
6. Local government investment pools;
7. Deposits with the State of New Jersey Cash Management Fund; or
8. Agreements for the repurchase of fully collateralized securities if:
a. The underlying securities are permitted investments pursuant to paragraphs 1 and 3 above;
b. The custody of collateral is transferred to a third party;
c. The maturity of the agreement is not more than 30 days;
d. The underlying securities are purchased through a public depository as defined in statute; and
e. A master repurchase agreement providing for the custody and security of collateral is executed.

Concentration of Credit Risk. The Borough places no limit on the amount the Borough may invest in any one issuer. As of December 31, 2021 and 2020, the Borough had no investments.

## 6. Fund Balance Appropriated

Fund balances at December 31, 2021, which were appropriated and included as anticipated revenue in their own respective funds for the years ending December 31, 2021, were as follows:

|  | 2021 <br> Budget | 2020 <br> Budget |
| :--- | :--- | :--- |
| Current Fund | $\$ 631,000$ | $\$ 1,000,000$ |
| Water Utility Operating Fund | $\$ 600,000$ | $\$ 442,780$ |
| Solid Waste Utility Operating Fund | $\$ 272,000$ | $\$ 400,000$ |

## 7. Property Tax Calendar

Property tax revenues are collected in quarterly installments due February 1, May 1, August 1 and November 1. Property taxes unpaid on April 1 of the year following their final due date are subject to tax sale in accordance with State statutes. The amount of tax levied includes not only the amount required in support of the Borough's annual budget, but also the amounts required in support of the budget of the entities that follow. Receivables for property taxes are recorded with offsetting reserves on the balance sheet of the Borough's Current Fund; accordingly, such amounts are not recorded as revenue until collected. GAAP requires such revenue to be recognized when they are available and measurable, reduced by an allowance for doubtful accounts.

## School Taxes

The Borough is responsible for levying, collecting and remitting school taxes for the Board of Education. Operations are charged for the full amount required to be raised from taxation to operate the local school district.

## County Taxes

The municipality is responsible for levying, collecting and remitting county taxes for the County of Bergen. Operations is charged for the amount due the County for the year, based upon the ratables required to be certified to the County Board of Taxation by January 10 of the current year. In addition, operations are charged for the County share of Added and Omitted Taxes certified to the County Board of Taxation by October 10 of the current year, and due to be paid to the County by February 15 of the following year.

## Prepaid Taxes

Taxes collected in advance are recorded as cash liabilities in the financial statements and were $\$ 241,103.88$ and $\$ 312,988.64$ for the years ended December 31, 2021 and 2020, respectively.

## Reserve for Uncollected Taxes

The inclusion of the "Reserve for Uncollected Taxes" appropriation in the Borough's annual budget protects the Borough from taxes not paid currently. The Reserve, the minimum amount of which is determined on the percentage of collections experienced in the immediate preceding year, is required to provide assurance that cash collected in the current year will provide sufficient cash flow to meet expected obligations. A Reserve for Uncollected Taxes is not established under GAAP.

## Property Taxes Receivable, Tax Title Liens

In accordance with the accounting principles prescribed by the State of New Jersey, taxes receivable and tax title liens are realized as revenue when collected. Since delinquent taxes and liens are fully reserved, no provision has been made to estimate that portion of the taxes receivable and tax title liens that are uncollectible.

For the years ended December 31, 2021 and 2020, property taxes receivable were $\$ 67,536.12$ and $\$ 94,505.83$ respectively.

## 8. Municipal Debt

The Local Bond Law governs the issuance of bonds and notes used to finance capital expenditures. General obligation bonds have been issued for general capital fund projects. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the Borough are general obligation bonds, backed by the full faith and credit of the Borough. Bond anticipation notes, which are used to temporarily finance capital projects, must be paid off within ten years and four months or retired by the issuance of bonds.
The Borough's debt is summarized as follows:

## 9. Pension and Retirement Plans

## Description of Plans

Substantially all of the Borough's employees participate in one of the following contributory defined benefit public employee retirement systems which have been established by State statute: the Police and Firemen's Retirement System (PFRS) or the Public Employees' Retirement System (PERS). Those systems are sponsored and administered by the State of New Jersey and are considered a cost sharing multiple-employer plans. According to the State of New Jersey Administrative Code, all obligations of the systems will be assumed by the State of New Jersey should the systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for PERS and PFRS. This report may be obtained by writing to the Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625 or can be found at http://www.state.nj. us/treasury/pensions/financial-reports.shtml.

## Summary of Significant Accounting Policies -PERS and PFRS

GASB 68, Accounting and Financial Reporting for Pensions, is effective beginning with the year ending June 30, 2015. The objective of this Statement is to improve accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. This Statement replaces the requirements of Statement No. 27, Accounting for Pensions by State and Local Governmental Employers, as well as the requirements of Statement No. 50, Pension Disclosures, as they relate to pensions that are provided through pension plans administered as trusts or equivalent arrangements that meet certain criteria.

Amendments to and further clarification of GASB 68, include GASB 71, Pension Transition for Contributions Made Subsequent to the Measurement Date, GASB 73, Accounting and Financial Reporting for Pensions and Related Assets That Are Not Within the Scope of GASB Statement 68 and Amendments to Certain Provisions of GASB 67 and 68., and GASB 78, Pensions Provided Through Certain Multiple-Employer Defined Benefit Pension Plans.

New Jersey municipalities and counties do not follow GAAP accounting principles and, as such, do not follow GASB requirements with respect to recording the net pension liability as a liability on their balance sheets. However, N.J.A.C. 5:30$6.1(\mathrm{c})(2)$ requires municipalities and counties to disclose GASB 68 information in the Notes to the Financial Statements. Therefore, the following information with regards to GASB 68 is for disclosure purposes only.

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the PERS and PFRS and additions to/deductions from PERS and PFRS fiduciary net position have been determined on the same basis as they are reported by PERS and PFRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Public Employees' Retirement System (PERS)
The Public Employees' Retirement System (PERS) was established in January 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State or any county, municipality, school district or public agency provided the employee is not required to be a member of another State-administered retirement system or other state or local jurisdiction.

## 9. Pension and Retirement Plans (Continued)

## Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to

 PensionsAt June 30, 2021 and June 30, 2020, the Borough has disclosed a liability of $\$ 2,617,250$, and $\$ 3,499,407$ respectively, for its proportionate share of the net pension liability for reporting purposes only. The net pension liability was measured as of June 30,2021 , and the total pension liability to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020, which was rolled forward to June 30, 2021. The total pension liability for the June 30, 2020 measurement date was determined by an actuarial valuation as of July 1,2020 . The Borough's proportion of the net pension liability is based on the ratio of the contributions as an individual employer to total contributions to the PERS during the years ended June 30, 2021 and 2020. At June 30, 2021, the Borough's proportion was $.022093 \%$, which was an increase of $.000634 \%$ from its proportion measured as of June 30,2020 of $.021459 \%$.

For the year ended December 31, 2021, the Borough recognized PERS pension expense of $\$ 224,463$ as measured at June 30, 2021. At June 30, 2021, the Borough had deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

Changes in Proportion-The previous amounts do not include employer specific deferred outflows of resources and deferred inflows of resources related to changes in proportion. These amounts should be recognized (amortized) by each employer over the average of the expected remaining service lives of all plan members, which is $5.13,5.16,5.21,5.63,5.48$, and 5.57 years for the years for the 2021,2020,2019,2018,2017, and 2016 amounts, respectively.

Actuarial assumptions. The total pension liability for the June 30,2021 measurement date was determined by an actuarial valuation as of July 1, 2020, which was rolled forward to June 30, 2021. The actuarial valuation used the following actuarial assumptions:

| Inflation Rate: |  |
| :--- | :---: |
| Price | $2.75 \%$ |
| $\quad$ Wage | $3.25 \%$ |
| Salary Increases: | $2.00 \%-6.00 \%$ based on years of service |
| $\quad$ Through 2026 | $3.00 \%-7.00 \%$ based on years of service |
| Thereafter | $7.00 \%$ |

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an $82.2 \%$ adjustment for males and $101.4 \%$ adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Postretirement mortality rates were based on the PUB-2010 General Below-Median Income Healthy Retiree mortality table with a $91.4 \%$ adjustment for males and $99.7 \%$ adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a $127.7 \%$ adjustment for males and $117.2 \%$ adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2021 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30,2018.

Long-Term Expected Rate of Return - In accordance with State statute, the long-term expected rate of return on plan investments ( $7.00 \%$ at June 30, 2021) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2021 are summarized in the following table:

| Asset Class | Target Allocations | Long-Term Expected Real Rate of Return |
| :---: | :---: | :---: |
| US Equity | 27.00\% | 8.09\% |
| Non-US Developed Market Equity | $13.50 \%$ | $8.71 \%$ |

Public Employees ' Retirement System (PERS) - (Continued)
Discount rate. The discount rate used to measure the total pension liability was $7.00 \%$ and $7.00 \%$ and as of June 30, 2021 and 2020 , respectively. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the non-employer contributing entity will be based on $78 \%$ of the actuarially determined contributions for the State employer and $100 \%$ of the actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments to determine the total pension liability.

Sensitivity of the District 's proportionate share of the net pension liability to changes in the discount rate. The following presents the Borough's proportionate share of the net pension liability measured as of June 30, 2021 and 2020, calculated using the discount rate of $7.00 \%$ and $7.00 \%$ respectively, as well as what the Borough's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

PERS Vesting and Benefit Provisions - The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A and 43.3B. All benefits vest after ten years of service, except for medical benefits that vest after 25 years of service or under disability provisions of PERS. Service retirement benefits of $1 / 55^{\text {th }}$ of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62 . Service retirement benefits o $1 / 60^{\text {th }}$ of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 23 and 4 with 25 years or more of service credit before age 62 , and tier 5 with 30 years or more of service credit before age 65 . Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier. Members are always fully vested for their own contributions and, after three years of service credit, become vested for $2 \%$ of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

## Police and Firemen's Retirement System (PFRS)

The Police and Firemen's Retirement System was established in July 1944 under the provisions of N.J.S.A. 43:16A to provide retirement, death and disability benefits to its members. Membership is mandatory for all full-time county and municipal police and firemen, and state firemen or officer employees with police powers appointed after June 30, 1944.

The vesting and benefit provisions are set by N.J.S.A. 43:16A. PFRS provides retirement as well as death and disability benefits. All benefits vest after ten years of service, except disability benefits which vest after four years of service.

Police and Firemen's Retirement System (PFRS) - (Continued)
Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2021 and June 30, 2020, the Borough has disclosed a liability of $\$ 4,332,312$ and $\$ 7,247,000$, respectively, for its proportionate share of the net pension liability for reporting purposes only. The net pension liability was measured as of June 30,2021, and the total pension liability to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020, which was rolled forward to June 30,2021 . The total pension liability for the June 30,2020 measurement date was determined by an actuarial valuation as of July 1, 2020. The Borough's proportion of the net pension liability is based on the ratio of the contributions as an individual employer to total contributions to the PFRS during the years ended June 30, 2021 and 2020. At June 30, 2021, the Borough's proportion was $0.0592724 \%$, which was an increase of $0.0031864 \%$ from its proportion measured as of June 30, 2020 of 0.056086\%.

A special funding situation exists for Local employers of the PFRS, in which the State of New Jersey is required to pay additional costs incurred by Local employers under Chapter8, P.L. 2000, Chapter 318, P.L. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L. 1991, Chapter 109, P.L. 1979, Chapter 247, P.L. 1993, and Chapter 201, P.L. 2001. Since the local participating employers do not contribute under this legislation, there is no pension liability, deferred inflows or outflows to report. The amount of the Borough's proportionate share of collective net pension liability at June 30, 2021 and 2020 respectively was $\$ 1,218,462$ and $\$ 1,124,701$.

For the year ended December 31, 2021, the Borough recognized pension expense of $\$ 626,572$. At December 31, 2021 as measured on June 30, 2021, the Borough had deferred outflows of resources and deferred inflows of resources related to PFRS from the following sources:

Changes in Proportion. The previous amounts do not include employer specific deferred outflows of resources and deferred inflows of resources related to changes in proportion. These amounts should be recognized (amortized) by each employer over the average of the expected remaining service lives of all plan members, which is $5.13,5.16,5.21,5.63,5.48$, and 5.57 years for the years for the 2021, 2020, 2019,2018, 2017, and 2016 amounts, respectively.

| Borough's portion of net pension liability |  | 0.0592724283\% |  | 0.0560856021\% |

Actuarial assumptions. The total pension liability for the June 30, 2021 measurement date was determined by an actuarial valuation as of July 1, 2020, which was rolled forward to June 30, 2021. The actuarial valuation used the following actuarial assumptions:

| Inflation Rate: |  |
| :--- | :---: |
| Price | $2.75 \%$ |
| $\quad$ Wage | $3.25 \%$ |
| Salary Increases: |  |
| $\quad$ Through all future years $\quad 3.25 \%-15.25 \%$ based on years of service |  |
| Investment Rate of Return: $\quad 7.00 \%$ |  |

Pre-retirement mortality rates were based on the Pub-2010 Safety Employee mortality table with a $105.6 \%$ adjustment for males and $102.5 \%$ adjustment for females, and with future improvement from the base year of 2010 on a generational basis. For healthy annuitants, postretirement mortality rates were based on the PUB-2010 Safety Retiree Below-Median Income Weighted mortality table with a $96.7 \%$ adjustment for males and $96 \%$ adjustment for females, and with future improvement from the base year of 2010 on a generational basis. For beneficiaries, the Pub 2010 General Retiree Below-Median Income Weighted mortality table was used, unadjusted, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates were based on the Pub-2010 Safety Disabled Retiree mortality table with a $152.0 \%$ adjustment for males and $109.3 \%$ adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2021 valuation were based on the results of an actuarial experience study for the period July 1, 2013 to June 30,2018.

Police and Firemen's Retirement System (PFRS) - (Continued)
Long-Term Expected Rate of Return - In accordance with State statute, the long-term expected rate of return on plan investments ( $7.00 \%$ at June 30,2021 ) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PFRS's target asset allocation as of June 30, 2021 are summarized in the following table:

| Asset Class |  |  | Long-Term Expected Real Rate of <br> Return |
| :--- | ---: | ---: | ---: |
| US Equity |  | Target Allocations |  |
|  |  | $27.00 \%$ | $8.09 \%$ |
| Non-US Developed Market Equity | $13.50 \%$ | $8.71 \%$ |  |
| Emerging Market Equity | $5.50 \%$ | $10.96 \%$ |  |
| Private Equity |  | $13.00 \%$ | $11.30 \%$ |
| Real Assets | $3.00 \%$ | $7.40 \%$ |  |
| Real Estate | $8.00 \%$ | $9.15 \%$ |  |

| Investment Grade Credit | $8.00 \%$ | $1.68 \%$ |  |
| Cash Equivalents | $4.00 \%$ | $0.50 \%$ |  |
| US Treasuries | $5.00 \%$ | $95.00 \%$ |  |
| Risk Mitigation Strategies | $3.00 \%$ | $3.35 \%$ |  |

Discount rate. The discount rate used to measure the total pension liability was $7.00 \%$ and $7.00 \%$ as of June 30,2021 and 2020 , respectively. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the non-employer contributing entity will be based on $100 \%$ of the actuarially determined contributions for the State employer and $100 \%$ of the actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments to determine the total pension liability.
Sensitivity of the Borough's proportionate share of the net pension liability to changes in the discount rate. The following presents the Borough's proportionate share of the net pension liability measured as of June 30, 2021 and 2020, calculated using the discount rate of $7.00 \%$ and $7.00 \%$, as well as what the Borough's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued State of New Jersey Divisions of Pensions and Benefits financial report at http://www.state.nj.us/treasury/pensions/financial-reports.shtml.

PFRS Vesting and Benefit Provisions - The vesting and benefit provisions for PFRS are set by N.J.S.A. 43:16A. All benefits vest after ten years of service, except for disability benefits that vest after 4 years of service. Retirement benefits for age and service are available at age 55 and are generally determined to be $2 \%$ of the final compensation for each year of creditable service, as defined, up to 30 years plus $1 \%$ for each year of service in excess of 30 years. Members may seek early retirement after achieving 25 years of creditable service, in which benefits would equal $65 \%$ (tier 1 and tier 2 members) and $60 \%$ (tier 3 members) of final compensation plus $1 \%$ for each year of creditable service over 25 years but not to exceed 30 years. Members may elect deferred retirement after achieving ten years of service, in which case benefits would begin at age 55 equal to $2 \%$ of final compensation for each year of service.
Funding Policy-PERS and PFRS- The contribution policy is set by laws of the State of New Jersey and, in most retirement systems, contributions are required by active members and contributing employees. Plan member and employer contributions may be amended by State of New Jersey legislation. The pension funds provide for employee contributions based on $5.5 \%$ for PERS and $8.5 \%$ for PFRS of the employees' annual compensation, as defined. Under the provisions of Chapter 78, P.L. 2012, PERS employee pension contribution rates increased from $5.5 \%$ to $6.5 \%$ of salary, effective October 1, 2012. An additional increased to be phased over the next 7 years will bring the total pension contribution rate to $7.5 \%$ of salary. PFRS employee pension contribution rates increased from $8.5 \%$ to $10 \%$ of salary, effective October 1, 2012. Employers are required to contribute at an actuarially determined rate in PERS and PFRS. The Borough's contributions to PERS and PFRS were as follows:

| Year Ended <br> December 31, |  | PERS <br> Amount |  |

## 10. Defined Contribution Retirement Program

The Defined Contributions Retirement Program (DCRP) was established on July 1, 2007 for certain public employees under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, and expanded under the provisions of Chapter 89, P.L. 2008, and Chapter 1, P.L. 2010. The program provides eligible members, with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. The DCRP is jointly administered by the Division of Pensions and Benefits and Prudential Financial.

If the eligible elected or appointed official will earn less than $\$ 5,000$ annually, the official may choose to waive participation on the DCRP for the office or position. The waiver is irrevocable.
This retirement program is a pension system where the value of the pension is based on the amount of the contribution made by the employee, employer and through investment earnings. It is similar to a Deferred Compensation Program where the employee has a portion of tax deferred salary placed into an account that the employee manages through investment option provided by the employer.

The employee contribution to DCRP is $5.5 \%$ of defined salary and the employer contributes $3 \%$. The employer also makes contribution for eligible members' life insurance and disability coverage under DCRP.

## 11. Employee Deferred Compensation Plan

The Borough maintains a Deferred Compensation Plan in accordance with IRC Section 457 and State of NJ Deferred Revenue Regulation. Employees of the Borough are eligible to participate in the Plan. Under the plan, employees may elect to defer a portion of their salaries and avoid paying taxes on the deferred portion until the withdrawal date. The deferred compensation amount is not available for withdrawal by employees until termination, retirement, death, or unforeseeable emergency. The Borough does not and is not required to make contributions to the Plan.
The deferred compensation plan is administered by unrelated financial institutions. Under the terms of an IRC Section 457 employee deferred compensation plan, all deferred compensation and income attributable to the investment of the deferred compensation amounts are held in trust for the exclusive benefit of participants and their beneficiaries and is reported in our Review of the Employee Deferred Compensation financial statements for December 31, 2021 and 2020.

## 12. Other Post-Employment Benefits (OPEB)

The Borough pays health insurance of $\$ 1,500$ each year for 10 years to employees who have retired after they have completed 25 years or more of service. Currently, the Borough has 2 retired employees who receive this benefit. In 2021, the cost of these health benefits totals $\$ 3,000$.

The State of New Jersey sponsors and administers the following post-retirement health benefit program covering substantially all eligible local government employees from local participating employers.

State Health Benefit Program Fund- Local Government Retired (the Plan) (including Prescription Drug Program Fund) - N.J.S.A. 43:3c-24 established a separate trust fund for certain non-State participating employers to provide funding for State Health Benefit Program coverage to its eligible retirees. Under the provisions of Chapter 330, P.L. 1997, the State of New Jersey provides partially funded benefits to local police officers and firefighters who retire with 25 years of service (or on disability) from an employer who does not provide coverage. Retirees who are not eligible for employer paid health coverage at retirement can continue in the program by paying the cost of the insurance for themselves and their covered dependents. For additional information about the Plan, please refer to the State Division of Pensions and Benefits (Division's) Comprehensive Annual Financial Report (CAFR) which can be found at www.state.nj. us/treasury/pensions.

The Plan provides medical and prescription drug to retirees and their covered dependents of the employers.
Under the provisions of Chapter 88, P.L. 1974 and Chapter 48, P.L. 1999, local government employers electing to provide post-retirement medical coverage to their employees must file a resolution with the Division. Under Chapter 88, local employers elect to provide benefit coverage based on the eligibility rules and regulations promulgated by the State Health Benefits Commission. Chapter 48 allows local employers to establish their own age and service eligibility for employer paid health benefits coverage for retired employees. Under Chapter 48, the employer may assume the cost of pos-retirement medical coverage for employees and their dependents who: 1) retired on a disability pension; or 2) retires with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 3) retired and reached the age of 65 with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 4) retires and reached age 62 with at least 15 years of service with the employer. Further, the law provides that the employer paid obligations for retiree coverage may be determined by means of a collective negotiation agreement. The Borough has elected not to provide postretirement medical benefits to its employees.

In accordance with Chapter 330, P.L. I 997, which is codified in N.J.S.A. 52: 14-17.32i, the State provides medical and prescription coverage to local police officers and firefighters, who retire with 25 years of service or on a disability from an employer who does not provide post-retirement medical coverage. Local employers were required to file a resolution with the Division in order for their employees to quality for State-paid retiree health benefits coverage under Chapter 330. The State

Pursuant to Chapter 78, P.L, 2011 , future retirees eligible for post-retirement medical coverage who have less than 20 years of creditable service on June 28,2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level coverage.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of the above Fund. The financial reports may be assessed via, the New Jersey, Division of Pensions and Benefits website at www.state.nj. us/treasury/pensions. also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L. 1989.

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

## 12. Other Post-Employment Benefits (OPEB) - (Continued)

## Measurement Focus and Basis of Accounting

The financial statements of the OPEB plan are prepared in accordance with GAAP as applicable to government organizations. In doing so, the Division adheres to reporting requirements established by the Governmental Accounting Standards Board (GASB). The accrual basis of accounting is used for measuring financial position and changes in net position of the other post-employment benefit plan. Under this method, contributions are recorded in the accounting period in which they are legally due from the employer or plan member, and deductions are recorded at the time the liabilities are due and payable in accordance with the terms of each plan. The accounts of the Division are organized and operated on the basis of funds. All funds are accounted for using an economic resources measurement focus.

## Investment Valuation

Investments are reported at fair value. Investments that do not have an established market are reported at estimated fair values.
As of June 30, 2020, the most recent measurement date available, the State had $\$ 17,946,612,946$ unfunded actuarial liability for other postemployment benefits (OPEB) which is made up of $\$ 5,462,303,132$ for state non-employer active and retired members, $\$ 12,484,309,814$ for local participating employer active and retired members.

## Funded Status and Funding Progress

The funded status and funding progress of the OPEB includes actuarial valuations which involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. These amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the probability of future events.

Actuarial calculations reflect a long-term perspective and are based on the benefits provided under the terms of the OPEB in effect at the time of each valuation and also consider the pattern of the sharing of costs between the employer and members at the point in time. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the employer and members in the future.

## Actuarial Methods and Assumptions

In the June 30, 2020 OPEB actuarial valuations, the actuarial assumptions and methods used in these valuations were described in the Actuarial Assumptions and Methods section of the Actuary's report and are included here in this note to the financial statements. The Plan selected economic and demographic assumptions and prescribed them for use for purposes of compliance with GASB Statement No. 75. The Actuary provided guidance with respect to these assumptions, and it is their belief that the assumptions represent reasonable expectations of anticipated plan experience.

## Plan Membership and Contributing Employers

At June 30, 2019, the OPEB plan membership and contributing employers consisted of the following:

Local Government Retired

| Active Plan Members | 62,547 |
| :--- | :---: |
| Inactive Plan Members or Beneficiaries Currently Receiving Benefits | $\underline{30,614}$ |
| Total Plan Members | 93,161 |
| Contributing Employers | 579 |

Contributing Employers

The regulatory basis of accounting requires participating employers in the State Health Benefit Program Fund -Local Government Retired Plan to disclose in accordance with GASB Statement No. 75, Accounting and Financial Reporting for Post-employment Benefits Other Than Pension (GASB No. 75) their proportionate share of the collective net OPEB liability, collective deferred outflows of resources, collective deferred inflows of resources and collective OPEB expense excluding that attributable to retiree-paid member contributions. The employer allocation percentages presented are based on the ratio of the contributions made as an individual employer toward the actuarially determined contribution amount to total contributions to the plan during the fiscal years ended June 30, 2020. The Borough of $\mathrm{Ho}-\mathrm{Ho}-\mathrm{Kus}$ has elected to nol provide post-retirement medical benefits to its employees, therefore there is no OPEB expense, deferred outflows or deferred inflows of resources related to OPEB.

## BOROUGH OF HO-HO-KUS

## NOTES TO FINANCIAL STATEMENTS <br> DECEMBER 31, 2021 AND 2020

## 12. Other Post-Employment Benefits (OPEB) - (Continued)

## Actuarial Assumptions

The Borough's total OPEB liability reported for the year ended December 31, 2020 was based on the June 30, 2020 measurement date as determined by an actuarial valuation as of June 30, 2019, which was rolled forward to June 30,2020. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement date:

| Inflation rate: | $2.50 \%$ |
| :--- | ---: |
| Salary Increases*: |  |
| PERS-Through 2026 | $2.00-6.00 \%$ |
| Thereafter | $3.00-7.00 \%$ |
| PFRS- Rate for Future Years | $3.25-15.25 \%$ |

Mortality:
PERS Pub-2010 General classification headcount weighted mortality with fully generational mortality improvement projections from the central year using Scale MP-2020.
PFRS Pub-2010 Safety classification headcount weighted mortality with fully generational mortality improvement projections from central year using Scale MP-2020.
*Salary increases are based on years of service within the respective plan.
Actuarial assumptions used in the July 1, 2019 valuation were based on the results of the PFRS and PERS experience studies prepared for July 1, 2013 to June 30, 2018 and July 1, 2014 to June 30, 2018, respectively.
$100 \%$ of active members are considered to participate in the Plan upon retirement.

## Health Care Trend Assumptions

For pre-Medicare medical benefits, the trend is initially $5.6 \%$ and decreases to a $4.5 \%$ long-term trend rate after seven years. For post- 65 medical benefits, the actual fully insured Medicare Advantage trend rates for fiscal year 2021 through 2022 are reflected. The rates used for 2023 and 2024 are $21.83 \%$ and $18.53 \%$, respectively, trending to $4.5 \%$ for all future years. For prescription drug benefits, the initial trend rate is $7.00 \%$ and decreases to a $4.5 \%$ long-term trend rate after seven years.

## Long-Term Expected Rate of Return

As the OPEB plan only invests in the State of New Jersey Cash Management Fund, the long-term expected rate of return on OPEB investments was based off the best-estimate ranges of future real rates of return (expected returns, net of OPEB plan investment expense and inflation) for cash equivalents, which is $2.00 \%$ as of June 30, 2020.

## Discount rate

The discount rate used to measure the total pension liability was $2.21 \%$ as of June 30,2020 . This represents the municipal bond return rate as chosen by the State. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

## Special Funding Situation

Under N.J.S.A. 43:3C-24 the Borough is responsible for their own OPEB contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State to make contributions if certain circumstances occurred. The legislation which legally obligates the State is as follows: Chapter 330, P.L. 1997 and Chapter 271, P.L., 1989. Under Chapter 330, P.L. 1997, the State pays the premiums or periodic charges for the qualified local police and firefighter retirees and dependents equal to 80 percent of the premium of periodic charge for the category of coverage elected by the qualified retiree under the State managed care plan or a health maintenance organization participating in the program providing the lowest premium or periodic charge. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L. 1989. The amounts contributed on behalf of the Borough by the State under this legislation is considered to be a special funding situation as defined by GASB Statement No. 75 and the State is treated as a non-employer contributing entity. Accordingly, the Borough's proportionate share percentage of the net pension liability, deferred outflows and inflows determined under GASB Statement No. 75 is zero percent and the State's proportionate share is $100 \%$ of OPEB under this legislation.

## 12. Other Post-Employment Benefits (OPEB) - (Continued)

## Special Funding Situation (Continued)

At December 31, 2020 (measured at June 30,2020), the State's proportionate share of the net OPEB liability attributable to the Borough for the OPEB special funding situation is $\$ 5,845,866$. For the year ended December 31, 2020 the plan has determined the State's proportionate share of the OPEB expense attributable to the Borough for the OPEB special funding situation is ( $\$ 291,009$ ). At December 31, 2020, (measurement date June 30, 2020), the State's share of the OPEB liability attributable to the Borough was 107022 percent. The State's proportionate share attributable to the Borough was developed based on eligible plan members subject to the special funding situation. This data takes into account active members from both participating and non-participating employer locations and retired members currently receiving OPEB benefits.

## OPEB Plan Fiduciary Net Position

Detailed information about the OPEB plan's fiduciary net position is available in the separately issued financial report from the State of New Jersey, Department of the Treasury, Division of Pension and Benefits. The financial reports may be accessed via the New Jersey, Division of Pensions and Benefits, website at www.state.nj.us/treasmy/pensions.

## 13. Risk Management

The Borough is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.
The Borough is a member of the Bergen County Municipal Joint Insurance Fund (the "JIF"). The JIF is a self-administered group of municipalities established for the purpose of providing its members the following low-cost coverage:

General liability
Automobile liability
Law enforcement professional liability
Employee benefits liability
Members are insured up to $\$ 250,000$. The Borough pays actuarial assessments annually. If these assessments prove deficient, additional assessments may be levied. The JIF can declare and return excess surplus to members upon approval of the State of New Jersey Department of Insurance. These distributions would be divided amongst the members in the same ratio as their individual assessment relates to the total assessment of the membership body. In accordance with Statement No. 10 of the Government Accounting Standards Board, these distributions may be used to reduce the amount recorded for membership expense in the year in which the distribution was declared.
The Borough is also a member of the Municipal Excess Liability Joint Insurance Fund (the "MEL"). The MEL provides insurance coverage for claims in excess of $\$ 250,000$ for general liability, automobiles and workers' compensation/employer's liability. The MEL provides the following coverage:

> Public officials' liability/employment practices liability Crime coverage Statutory and excess public official bond Workers' compensation Environmental liability

In addition, the MEL also provides for a Faithful Performance and Employee Dishonesty Blanket Bond with a $\$ 1,000,000$ limit.

The Borough continues to carry commercial insurance coverage for all these risks of loss. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

Health Insurance Waiver: The Borough offers health insurance waivers in an amount of the lesser of $\$ 5,000$ or $25 \%$ of the actual net insurance cost to employees that can show that coverage is provided by a spouse or other means. In 2021, the Borough did not have any waivers paid employees.

## BOROUGH OF HO-HO-KUS NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

## 14. Compensated Absences

Under previously existing contracts and policies of the Borough, certain employees were allowed to accumulate a limited amount of unused vacation and sick pay over the duration of their employment, which may be taken as time off or paid upon retirement or termination at an agreed-upon rate.

On December 19, 2018, a memo of understanding (the "MOU") between Ho-Ho-Kus PBA and the Borough was drafted stating that accumulated sick time for all Officers is to be capped and frozen at the value on December 31, 2017. For Officers previously capped at $\$ 15,000$, sick time payout, the same proration and removal of sick time will be permissible, not to exceed $\$ 15,000$.

The Department of Public Works' accumulated absences was frozen at December 31, 2017 and those eligible employees were paid in full.

Administrative employees' accumulated absences was frozen at December 31, 2017 and those eligible employees will earn out their benefits.

As of December 31, 2021 and 2020, the total accumulated absence liability was $\$ 275,166$ and $\$ 185,594$ respectively. For December 31, 2021 and 2020, no employees will receive lump-sum payouts at retirement, all payments will be "earned out" annually. The Borough has reserved in its Trust Fund $\$ 272,763.16$ and $\$ 28,305.28$ for compensated absence payments for 2021.

## 15. Contingent Liabilities

## Pending Tax Appeals

Various tax appeal cases were pending in the tax court at December 31, 2021 and 2020. Amounts claimed have not been determined. The Borough is vigorously defending its assessments in each case. Under the accounting principles prescribed by the Division, the Borough does not recognize a liability, if any, until these cases have been adjudicated and may be material. Funding of any ultimate liability would be provided for in succeeding years' budget, fund balance or property tax refunding bond ordinances. In anticipation of tax appeals, the Borough has budgeted $\$ 75,000$ in the 2022 Budget and has a Reserve for Tax Appeals in the Trust Fund in the amount of $\$ 436.05$ as of December 31, 2021. It is anticipated that this reserve will provide sufficient funds to cover all settlements.

## Federal and State Awards

The municipality participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the Borough may be required to reimburse the grantor government. As of December 31, 2021 and 2020, significant amounts of grant expenditure have not been audited by the various grantor agencies, but the Borough believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on any of the individual governmental funds or the overall financial position of the Borough.

## Litigation

The Borough is a party defendant in some lawsuits, none of a kind unusual for a municipality of its size and scope of operation. In the opinion of the Borough's Attorney, the potential claims against the Borough not covered by insurance policies would not materially affect the financial condition of the Borough.

## 16. Council on Affordable Housing (COAH) Obligation

The Crossings at Ho-Ho-Kus will include 10 affordable family and 53 market rate rental units. The Maple Avenue site will be a one-unit affordable family rental unit. Both the Crossings and Maple Avenue are $100 \%$ private enterprises funded by developers. Exhibit B-9 references activity in the COAH fund for the year ended December 31, 2021.

On March 16, 2021, the Borough adopted a $\$ 3,150,000$ Bond Ordinance and utilized $\$ 150,000$ from the COAH Trust fund for the project. As of December 31,2021, $\$ 2,350,532.75$ has been expended on the project.

## 17. Joint Ventures with Other Municipalities

The Borough participates in an interlocal agreement with the Borough of Allendale to share the services of a Municipal Court. The revenues received by the Borough are used to offset the expenses of the Court. The Borough files an annual report with the County Administrative Office of the Courts which reports on the annual collections and disbursements of fines, costs and bail.

## 18. Federal Arbitrage Regulations

Municipalities are subject to Section 148 of the IRC as it pertains to the "arbitrage rebate" on all tax-exempt obligations. Under 1986 TRA, the IRS required that all excess eamings from investment proceeds be rebated to the IRS. Arbitrage, for purposes of these regulations, is defined as the difference between the yield on the investment and the yield on the obligations issued. Excess earnings may be required to be rebated to the IRS. Bond Counsel should be engaged to calculate the estimated arbitrage earnings due to the IRS, if any.

## 19. Liquidity, Management Plans and Intentions

Due to COVID-19 Pandemic, the Borough had to adjust its operations in 2020 and 2021 to continue to provide services to taxpayers. The Pandemic did not have a significant impact on the financial statements of the Borough for the year ended December 31, 2021. However, the Pandemic did result in the State of New Jersey taking steps to award additional grant monies to help offset some additional costs incurred related to public health. On March 11, 2021 President Biden signed the American Rescue Plan Act of 2021 into effect. This plan, among other things, provides direct federal funding to aid county and municipal governments to help offset revenue losses, cover increased costs incurred during the coronavirus pandemic response and to make necessary investments in water, sewer, or broadband infrastructure. The amount of federal aid available to the Borough of Ho -Ho-Kus is $\$ 425,488$, which will be available until December 31,2024 . The first installment of half the amount was received during 2021 and the remainder will be received during 2022. Additionally, the Borough prepared and balanced the 2022 budget and considered the potential impact the Pandemic could have on Borough operations. Management believes that the fund balance available as of December 31, 2021, and the anticipated revenues from taxes, grants, and other revenues will be sufficient to meet the Borough's financial needs for one year from the date of issuance of this report.

## 20. Subsequent Events

The Borough has evaluated subsequent events through September 14, 2022 which is the date the financial statements were available to be issued. There were no subsequent events that required financial statements adjustment. The 2022 Budget was adopted on March 29, 2022.

## Police \& Firemen's Retirement System (PFRS)

Changes of benefit terms. The vesting and benefit provisions are set by N.J.S.A. 43:16A. PFRS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service, and disability benefits after 4 years of service

Changes in assumptions. Pre-retirement mortality rates were based on the Pub-2010 Safety Employee mortality table with a $105.6 \%$ adjustment for males and $102.5 \%$ adjustment for females, and with future improvement from the base year of 2010 on a generational basis. For healthy annuitants, postretirement mortality rates were based on the PUB-2010 Safety Retiree Below-Median Income Weighted mortality table with a $96.7 \%$ adjustment for males and $96 \%$ adjustment for females, and with future improvement from the base year of 2010 on a generational basis. For beneficiaries, the Pub 2010 General Retiree BelowMedian Income Weighted mortality table was used, unadjusted, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates were based on the Pub-2010 Safety Disabled Retiree mortality table with a $152.0 \%$ adjustment for males and $109.3 \%$ adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2020.

The actuarial assumptions used in the July 1, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2013 to June 30,2018.

## Public Emplovees' Retirement System (PERS)

Changes of benefit terms. The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of PERS.

Changes of assumptions. Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an $82.2 \%$ adjustment for males and $101.4 \%$ adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Postretirement mortality rates were based on the PUB-2010 General Below-Median Income Healthy Retiree mortality table with a $91.4 \%$ adjustment for males and $99.7 \%$ adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a $127.7 \%$ adjustment for males and $117.2 \%$ adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2020.

The actuarial assumptions used in the July 1, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018.

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCLAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS 

## INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and Members
of the Borough Council
Borough of Ho-Ho-Kus, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States; and the audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"), the financial statements - regulatory basis (the "financial statements") of the Borough of Ho-Ho-Kus, State of New Jersey (the "Borough"), as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the Borough's basic financial statements, and have issued our report thereon dated September 14, 2022. As described in Note 1, the Borough prepares its financial statements on a basis of accounting prescribed by the Division that demonstrates compliance with a modified accrual basis and the budget laws of the State of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

## Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Borough's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, we do not express an opinion on the effectiveness of the Borough's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Borough's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control, that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all the deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying audit findings and responses as item 2021-001, that we consider to be a significant deficiency.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under Government Auditing Standards, and requirements prescribed by the Division, which are described in the accompanying comments and recommendations as items 2021-002 through 2021-004.

## Management's Response to Findings

Management's responses to the findings identified in our audit are described in the accompanying schedule of audit findings and recommendations. Management's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards and audit requirements as prescribed by the Division in considering the Borough's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## BOROUGH OF HO-HO-KUS

## GENERAL COMMENTS

DECEMBER 31, 2021

## Contracts and Agreements Required to be Advertised for N.IS 40A:11-4

N.J.S.40A:11-4 states "Every contract awarded by the contracting agents, for the provision or performance of any goods or services, the cost of which in the aggregate exceed the bid threshold [40A:11-3 "a contract year the total sum of $\$ 44,000$ ". If the purchasing agent is qualified pursuant to subsection b. of section 9 of P.L.1971, c. 198 (C.40A:11-9), the governing body of the contracting unit may establish that the bid threshold may be up to $\left.\$ 44,000^{\prime \prime}\right]$, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefor, except as is provided otherwise in this act or specifically by any other law."
N.J.S.40A:11-9 states "The Governing Body of any contracting unit may by ordinance, in the case of a municipality, by ordinance or resolution, as the case may be, in the case of a county, or by resolution in all other cases, establish the office of purchasing agent, or a purchasing department or a purchasing board, with the authority, responsibility, and accountability as its contracting agent, for the purchasing activity for the contract in unit, to prepare public advertising for bids and to receive bids for the provision or performance of goods or services on behalf of the contracting unit and to award contracts permitted pursuant to subsection a. of section 3 of P.L.1971, c. 198 (C.40A:11-3) in the name of the contracting unit, and conduct any activities as may be necessary or appropriate to the purchasing function of the contracting unit."

The Governing Body of the Municipality has the responsibility of determining whether the expenditures in any category will exceed $\$ 44,000$, within the calendar year or any twelve-month period. Where questions arise as to whether any contract or agreement might result in a violation of the statute, the Borough Attorney's opinion should be sought before a commitment is made.

The minutes indicate that resolutions were adopted and advertised, authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S. 40A:11-5.

Our examination of expenditures did not reveal any individual payments, contracts or agreements in excess of $\$ 44,000$ "for the performance of any work, or the furnishing or hiring of any materials or supplies," other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of NJS 40A:11-6.

## Expenditure of $\$ 6.600$ or more and less than $\$ 44,000$ Per N.J.S.A. 40A:11-6.1

N.J.S.A 40A:11-6.1 states, "a. For all contracts that in the aggregate are less than the bid threshold but 15 percent or more of that amount, and for those contracts that are for subject matter enumerated in subsection (1) of section 5 of P.L.1971, c. 198 (C.40A:115), except for paragraph (a) of that subsection professional services and paragraph (b) of the subsection concerning work by employees of the contracting unit, the contracting agent shall award the contract after soliciting at least two competitive quotations, if practicable. The award shall be made to a vendor whose response is most advantageous, price and other factors considered. The contracting agent shall retain the record of the quotation solicitation and shall include a copy of the record with the voucher used to pay the vendor. d. Whenever two or more responses to a request of a contracting agent offer equal prices and are the lowest responsible bids or proposals, the contracting unit may award the contract to the vendor whose response, in the discretion of the contracting unit, is the most advantageous, price and other factors considered. In such a case, the award resolution or purchase order documentation shall explain why the vendor selected is the most advantageous."

## BOROUGH OF HO-HO-KUS <br> GENERAL COMMENTS (Continued) <br> DECEMBER 31, 2021

## Collection of Interest of Delinquent Taxes and Assessments and Solid Waste Charges

The statute provides the method for authorizing interest and the maximum rate to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

The Governing Body on January 1, 2021 adopted the following resolution authorizing interest to be charged on delinquent taxes:
WHEREAS, N.J.S.A. 54:4-67 permits the governing body of each municipality to fix the rate of interest to be charged for nonpayment of taxes or assessments subject to any abatement or discount for the late payment of taxes as provided by law; and

WHEREAS, N.J.S.A. 54:4-67 has been amended to permit the fixing of said rate of $8 \%$ annum on the first $\$ 1,500.00$ of the delinquency and $18 \%$ per annum on any amount in excess of $\$ 1,500.00$.

## Collection of Interest of Delinquent Taxes. Assessments and Solid Waste Charges

NOW, THEREFORE, BE IT RESOLVED by the Mayor and Borough Council of the Borough of Ho-Ho-Kus, County of Bergen, State of New Jersey as follows:

1. The Tax Collector is hereby authorized and directed to charge $8 \%$ per annum on the first $\$ 1,500.00$ of taxes becoming delinquent after due date and $18 \%$ per annum on any amount of taxes in excess of $\$ 1,500.00$.
2. Effective January 1, 2021 there will be a ten-day grace period of quarterly tax payments made by cash, check, or money order.
3. Any payments not made in accordance with paragraph two of this resolution shall be charged interest from the due date as set forth in paragraph one of this resolution.

It appears from an examination of the Collector's records, that interest was collected in accordance with the foregoing resolution.

## Collection of Interest on Delinquent Water Rents

Please note Chapter 81 of the Code of the Borough provides that if a bill is not paid within thirty days from the date of the bill a penalty of $10 \%$ shall be imposed. If a bill remains unpaid for a period of over sixty days after mailing or presentation, notice will be served on or mailed to the customer. Unless the bill is paid within seven days from the date of notice, the water supply will be discontinued.

## BOROUGH OF HO-HO-KUS <br> AUDIT COMMENTS AND RECOMMENDATIONS <br> DECEMBER 31, 2021

## Current Fund

## Finding 21-002

During the examination of public contracts, the following was noted:
a. A vendor was paid for sewer repairs without declaring an emergency existed, requiring the governing body to adopt an emergency resolution in the prescribed format and filed with the DLGS.
b. A vendor was paid for storage sheds in excess of the bid threshold without being advertised for public bids.

## Recommendation:

That the Borough implement and maintain controls in regards to:
a. Providing DLGS notice of any emergency procurement of a good or service upon the local governing body adopting a resolution that addresses the public health, safety, and welfare.
b. Advertising for public bids for any purchases that will exceed the Local Public Contracts bid threshold

## Management's Response:

The Borough will establish procedures to declare an emergency and advertise for public bids established under NJ statutes.

## Payroll

*Finding 21-003
The payroll checking account balance increased $\$ 8,148$, as a result of over-funding the account.

## Recommendation:

That the Borough should maintain the payroll account as an imprest account.

## Management's Response:

The Borough will monitor the receipts and disbursements of the payroll account to ensure all transactions are on an imprest basis.

## Deferred Compensation Plan:

## Finding 21-004

The Employee 457 Deferred Compensation Plan statement deposits are not being reconciled timely to the Borough's payroll records in total and on individual employee/participant basis. There was a payroll deduction of $\$ 35$ which was duplicated in error and is owed back to the employee.

## Recommendation:

That all Employee 457 Deferred Compensation Plan statements be obtained at least quarterly, reviewed, and reconciled to the individual employee deductions as per the Borough's payroll records and to the contributions remitted to the plan administrators to ensure contribution deposits per participants' accounts are credited correctly by the plans' administrators. That the duplicate payroll deduction of $\$ 35$ be refunded to the employec.

## Management's Response:

Management will require that contribution reconciliations be completed between the Employee 457 Deferred Compensation Plan statement and the Borough's payroll records.

## * Reported from prior year's audit

## APPRECIATION

We desire to express our appreciation of the assistance and courtesies rendered by the Borough Officials and employees during the year

The problems and weaknesses noted in our review were not of such magnitude that they would affect our ability to express an opinion on the financial statements taken as a whole.
