

LEAF PICKUP ZONES

There will be **three** complete pick-ups in each zone.

Please rake the leaves into the street one-day prior to the date indicated on the schedule for your zone - but no earlier than seven (7) days prior. No garbage, shrubs, branches or sticks may be included with the leaves. Mixed piles will not be picked up. Bagged leaves will also be picked up curbside during this period and should be in biodegradable paper bags. **Please note there may be variations in the schedule due to weather conditions or emergencies.** However, we will always be there on or after the date.

Once your street has the **third collection**, only bagged leaves placed at the curb will be picked up through Friday, December 29th, 2023 by DPW. At that time, leaves left out on the street will not be collected. Any questions, please call the DPW at 201-445-8161.

Leaves shall not be placed closer than 10 ft. from storm drain inlets. Do not park on dry leaves or on the street during pickup days!
