

## Fire Hydrant flushing schedule 2024

The DPW will follow the zones listed below for our semi- annual flushing schedule. These are the same zones used for leaf collection so you should be familiar with them. Flushing will take place over a given week in each zone as noted. We caution resident’s water may get dirty during this process and that doing laundry should be avoided. Just let the cold water run for a few minutes until clear once the flushing is complete. This is an important part of maintaining our water system and we apologize for any inconvenience it may cause. Check the DPW or Borough’s Facebook pages, website or call 201- 652-4400 ext. 230 with questions.

<b>District 1 May 20-24</b>	<b>District 2 May 13-17</b>	<b>District 3 May 6-10</b>	<b>District 4 Apr 29-May 3</b>
